## **Examiner's Statement of Reasons for Allowance**

Allowance (11/16/05)

1. The following is an Examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims in this case, is the inclusion of the limitation "the spring elements are respectively held insulated against vibration on the seat shell with front free bar ends with interposition of elastic elements. wherein rear free bar ends are arranged in a sheet metal strip of the seat cross member. wherein each of the elastic elements is arranged in a semicircular rounded out receptacle of a sheet metal shell element. which can be connected with the seat shells wherein the receptacle is one of a plurality of receptacles spaced from one another, wherein hooking strips arranged for reception in slots in the seat shell are provided on at least one longitudinal side of the sheet metal shell element, and wherein further hooking strips are provided on an opposite longitudinal side of the sheet metal shell element so as to be held in additional slots" in the independent claim, in combination with the other recited limitations in claims supported by this application, which are not found in the prior art of record.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
